Other products not OK for sale or distribution by Colorado Cottage Food Producers: Tamales, Quiche, Ice, Ice products, Chile Pepper Jelly, Roasted Chile Peppers, Pickles, Corn Relish, Pickled “anything”, including but not limited to green beans, okra, carrots, onions, etc., Sauerkraut, breads containing cheeses or vegetables.
**These Food Products May be Produced in a Cottage Food Kitchen. These Foods are Non-Potentially Hazardous Foods. These foods are allowed.**

Breads, Rolls, Biscuits, Cakes (including Wedding Cakes), Sweet Pastries, Cookies, Cakes and Candy, Jams, Jellies (not Jalapeño) some Preserves, Dry Herbs, Dry Herb Blends, and flavored Vinegar, Popcorn, and Popcorn Balls, Candied or Spiced Nuts, Seeds, Fruit Pies, Dried Fruits, Fruit Leather, Fruit Butters (not Pumpkin), Honey, Homemade Pasta (dry not cooked), Tea, Tea Blends (dry), Granola, Trail Mix, and Cereals. No Refrigeration needed for these foods and they do not contain potentially hazardous foods.

**These Food Products May Not be Used/Produced in a Cottage Food Kitchen. These Foods are Potentially Hazardous Foods. These foods are not allowed.**

Raw Seed Sprouts, Cut Fruits or Vegetables, Sauerkraut, Corn Relish, Pickled Produce, including Pickles. Milk and Dairy containing products such as yogurt, hard, soft, and cottage cheeses. Bakery goods that require refrigeration that contain cream, custard, cream cheese icings or fillings, and meringue pies, Quiche, meat; fresh, dried or Jerky type meat products. Seafood products, Poultry products (the sale of fresh eggs have different criteria), Salsa, BBQ Sauces, Catsup, Mustard, and Tamales. Plus, Flavored Oils, Peppered Jellies, and Roasted Chiles (special licensing for Roasted Chiles is required).

**Cottage Food Producers that produce Non-Potentially Hazardous foods, may only sell to Ultimate Consumer.**

Cottage Food Producers may sell non-potentially hazardous foods on their premises, at the producer’s roadside stand, Farmer’s Markets, or similar venues where the product is sold directly to consumers. An ultimate consumer is a person that purchases a product from a Cottage Food Producer, and may not resell the product. Labels need to be affixed to packaging. In the case of a Wedding Cake, the label needs to accompany the cake.
Label on Packaging must contain the following:

In English:
The name of the product.
The Producer’s Name and Address where the food was produced.
The Producer’s telephone number(s), email address.
The date of when product was made, a complete list of ingredients used, and disclaimer with food allergens.

Example:

baked on 7-11-12

Cooky Wooky Cookie

Sylvanna Banana
275 S. Spruce St.
Gunnison, CO 81230
970-641-1260
anna.banana@colostate.edu

Ingredients: Enriched Flour (Wheat flour, niacin, reduced iron, thiamine, mononitrate), butter (milk, salt), Soy lecithin as an emulsifier, walnuts, sugar, eggs, salt, and baking soda.

Plus the exact wording as shown below:

Disclaimer: “This product was produced in a home kitchen that is not subject to state licensure or inspection and that may also process common food allergens such as tree nuts, peanuts, eggs, soy, wheat, milk, fish and crustacean shellfish. This product is not intended for resale.”

Colorado Cottage Foods need to be packaged and labeled.
Cottage Food Operations Require Food Safety Certification

The Colorado Dept. of Public Health and Environment recognizes the following training entities:

1) ServSafe® Food Protection Manager Certification offered by Colorado State University Extension.
   www.ext.colostate.edu/safefood/safetyworks/servsafe.pdf.

2) ServSafe® Online certification from the National Restaurant Assoc. Educational Foundation.
   www.servsafe.com/home.

3) National Environmental Health Association’s Certified Professional Food Manager.
   www.nehatraining.org
